Katharagama

Katharagama is a historical city in Monaragala district, which belongs to old Rohana Kingdom. According to the legend, Lord Buddha on his third visit to Mahiyanganaya preached a sermon in a 'Kihiri' forest. As a token of gratitude, the Kiriwehera Dagoba was built on that exact spot where it now stands. This city is known by the name of Deity Katharagama and it is one of the most popular destinations of Buddhist and Hindu pilgrims. There are many pilgrims are coming daily to visit historical Ruhunu Maha Katharagama Dewalaya, Kiri Wehera with refreshing wind blowing through Manik River which is cascading from high mountain ranges and Eight Saplings Bodhi. In every year during Esala Perahara Festival many devotees throng to Katharagama and they are provided many accommodations by Public and Private sectors but still they have failed to provide enough accommodations due to massive crowd throng to Katharagama during festival season.
